Nagercoil, Kanyakumari, Tamil Nadu 629002, India

PROFESSIONAL SUMMARY

Electronics and Communication Engineer with hands-on experience in embedded systems, IoT, and robotics. Strong background in R&D, with proven ability to develop and implement technology-driven projects. Also experienced in freelance web development, building professional websites for clients.

TECHNICAL SKILLS

- Embedded Systems: Embedded C, Microcontrollers, Circuit Design, Embedded Application Development
- IoT & Automation: IoT Application Development, RPA (UiPath), Industrial IoT
- Robotics: Robotics Design, Automation, R&D Engineering
- 3D Design & Engineering: Smart Plant 3D Designing, CADWorx
- Web Development: Static & Portfolio Websites, HTML, CSS, JavaScript, SEO
- Soft Skills: Leadership, Problem Solving, Decision Making, Creativity, Collaboration

PROFESSIONAL EXPERIENCE

Research & Development Engineer

2023 – Present

Jeesabot Robotics LLP

- Designed and developed robotics and embedded system prototypes within the R&D team.
- Applied Embedded C and IoT principles to deliver engineering solutions in production environments.
- Collaborated on product innovation cycles including design, testing, and iterative improvement.

Project Lead – Smart Minds Hackathon

2022 – 2023

AIC RAISE Business Incubator, Coimbatore

- Led a multidisciplinary team in developing and pitching innovative technology solutions.
- Managed project timelines, prototyping, and national-level competition presentations.
- Achieved 1st Runner-Up at a National Level competition organised by NITI Aayog.

Freelance Web Developer

2024 – Present

Self-Employed

- Designed and developed static and portfolio websites for clients across multiple industries.
- Delivered responsive, SEO-friendly websites tailored to client brand identity and goals.
- Managed full project lifecycle: requirements, design, development, and deployment.

EDUCATION

Bachelor of Engineering – Electronics & Communication (BE/ECE) 2020 – 2024

Rohini College of Engineering and Technology

- CGPA: 8.89 | Academic Topper Award

Higher Secondary Certificate (HSC)

2019 – 2020

Good Shepherd Matric Higher Secondary School

- Score: 80%

Secondary School Leaving Certificate (SSLC)

2018

Good Shepherd Matric Higher Secondary School

- Score: 89.8%

KEY PROJECTS

- **Lumin Accumulator, Digital Clock & Hybrid DJ System:** Multi-functional embedded system integrating energy accumulation, timekeeping, and audio mixing.
- **Transceiver Charger for Electric Vehicles:** Wireless EV charging system with PIR-based border surveillance.
- **E-Commerce Bargaining Bot & On-Grid Panel:** Automated dynamic-pricing negotiation bot with off-grid energy monitoring panel.
- **Vertical Blade Turbine & Patient Health Monitoring System:** Renewable energy prototype combined with IoT-based real-time health monitoring.
- **Aura Robot Design:** Smart desktop robot displaying weather updates and acting as an interactive assistant.
- **Women's Safety SOS System:** One-touch SOS alert with real-time location sharing to nearby police stations.
- **Autonomous Delivery Robot:** Transports objects between predefined locations without human intervention.
- **Obstacle Avoidance Robot:** Detects and avoids obstacles using ultrasonic sensing.
- **Nano Satellite (ESP32-Based):** Prototype for environmental monitoring, sensor data collection, and wireless telemetry.
- **Smart Street Lighting & Cold Storage Monitoring Systems:** Automated lighting control and temperature/humidity tracking.
- **Smart Door Lock System:** Secure remote access and real-time monitoring.

ACHIEVEMENTS & AWARDS

- Visionary of the Year Award 2025 – JeesaBot Robotics L.L.P
- Runner-Up, Smart Minds Hackathon 2023 (National Level) – AIC RAISE & NITI Aayog, Coimbatore
- Title Winner, Rohini Hackathon 2023 – Entudio Private Limited, Tirunelveli
- Runner-Up, TEKYON'23 – Court Road Networkz Systems, Nagercoil
- Mini Project of the Year Award 2022
- Academic Topper Award – BE/ECE

INTERNSHIPS & TRAINING

- RPA (UiPath) – Honeywell | IoT Application Development – AB Technologies | Web Development – Nitroware Technologies | Embedded Application Development – Uniq Technologies | Industrial Embedded Systems with IoT – NSIC | EV Charging Infrastructure – Relux | Digital Marketing – Google Digital

LANGUAGES

- English – Professional Proficiency | Tamil – Native | Malayalam – Spoken
